

Shoprite Group is News24's Company of the Year

The Shoprite Group was named Company of the Year at the News24 Business Awards in Cape Town last night.

The awards recognise companies and CEOs who are doing excellent work in building their businesses, while also going above and beyond in communication, transparency and contributing to South Africa.

“One company stood out,” said business editor, Helena Wasserman. “It has truly changed the local landscape – it revolutionised online shopping and home delivery, along with building a range of new businesses and upending traditional ways of doing things in these sectors.”

According to the Group's Chief Executive Officer, Pieter Engelbrecht, “the award is a symbol of ordinary people doing the extraordinary”.
