

Somerset West home to Western Cape's third standalone Medirite Plus pharmacy

The Shoprite Group opened its third standalone Medirite Plus pharmacy in the Western Cape at Somerset Square in Somerset West.

This follows the opening of the first [Medirite Plus in Willowbridge Village](#) late last year and the second in [Stellenbosch](#) earlier this year.

A one-stop health and wellness destination, Medirite Plus offers an affordable and accessible product range that includes wellness, personal care, baby products, fragrances, and skincare by brands such as Geve, Revolution Skincare, Neutriherbs and Skin Functional.

Customers can fulfil all their pharmacy needs with qualified, professional pharmacists on duty to assist and advise. Medirite Plus also stocks specialised healthcare items like wheelchairs, walkers and crutches.

Getting prescription medicine is super convenient, with PrepMyScript which makes it easy to pre-order chronic repeat medication. And [Medirite Courier Pharmacy Service](#) also delivers repeat prescription medication straight to a customer's door at no extra cost - a free service contracted to most medical aids.

The pharmacy accepts all major medical aids and customers can also use their Xtra Savings Rewards cards to benefit from the rewards programme's promotions.

The pharmacy manager at Medirite Plus Somerset West is newly appointed Lize Cornelius who has over thirteen years' experience working as a pharmacist.

Trading hours at Medirite Plus Somerset West are:

- Mondays to Fridays: 09:00 – 21:00
- Saturdays and Sundays: 09:00 – 19:00
