

Making cleanups a habit

Following a successful event in April in which 100 learners cleaned up the streets of Langa, Vusa Rugby and Learning Academy and Shoprite are organising another community cleanup in the township.

“We had a great turn-out last time and want to cultivate pride in the community that nurtured our learners. Saturday is World Oceans Day, and by cleaning up our community we’re doing our bit to ensure that less waste makes it into the ocean,” says Makabongwe Kahla, head coach of Vusa, which promotes social upliftment among under-privileged children through sports and academics.

It is estimated that between 80-90% of litter that ends up in the ocean comes from land-based sources.

Packa-Ching will be the recycling partner at the event. Shoprite’s Mobile Soup Kitchen will be serving at the cleanup, while other partners Just Popcorn and TooMuchWifi will also be there.

Details

Date: Saturday, 8 June 2019

Time: 9:00

Meeting point: Langa Sports Complex

Visit www.actforchange.africa for more information.
