

Flipping entrepreneurs raise funds on Pancake Day

As part of its commitment to support and strengthen the local communities in which it trades, Checkers invited local schools to sell pancakes at their nearest store on Saturday, 9 March, in support of Pancake Day.

Checkers provided all the necessary ingredients, but the schools had to take charge of the project: from mixing the pancake batter to manning their stalls, managing sales and interacting with customers.

Schools were rewarded for their hard work by keeping all proceeds, thereby raising some much-needed funds.
