

## **Shoprite customers donate school shoes in Taung**

The generosity of Shoprite customers in the North-West resulted in 200 learners in Taung each receiving a new pair of school shoes.

The funds were raised via shopper donations to Shoprite's Act For Change Fund till-point donation facility, and beneficiary organisation Meals on Wheels identified a need at the Thuso Primary School.

Shoprite ensured that each learner received a kit containing their school shoes, as well as polish, a shoe brush. The supermarket chain also donated two microwaves, two kettles, crockery as well as various gardening tools to the school.

Grocery items including 10kg bags of samp, rice, maize meal, flour and sugar were donated by Meals on Wheels, while the Shoprite Mobile Soup Kitchen was also on hand to serve the school's learners with a nutritious meal.

"We are very grateful to Shoprite, their customers and Meals on Wheels for this kind donation, as the school shoes really are much-needed," explains Kenosi Onewamang, principal at the Thuso Primary School. "The donation of groceries, kitchen appliances and gardening tools will also make a huge difference."

The Shoprite Group manages the Act For Change Fund on behalf of its customers and all donations are paid over to the selected beneficiary organisations, with no administrative costs involved.

Earlier this year Shoprite also donated 600 pairs of shoes to schools in vulnerable communities in the Free State and Northern Cape.
