

## **Western Cape's second standalone Medirite Plus pharmacy opens in Stellenbosch**

The Shoprite Group opened its second standalone Medirite Plus pharmacy in the Western Cape at the Checkers Centre in Stellenbosch. This follows the [launch of the first Medirite Plus](#) in Willowbridge Village late last year.

A one-stop health and wellness destination, MediRite Plus offers an affordable and accessible product range that includes health, beauty, baby and skincare brands such as CeraVe and Skoon.

Customers can fulfil all their pharmacy needs with qualified, professional pharmacists on duty to assist and advise. MediRite Plus also stocks specialised healthcare items like wheelchairs, walkers and crutches.

Getting prescription medicine is super convenient, with PrepMyScript which makes it easy to pre-order chronic repeat medication. And [Medirite Courier Pharmacy Service](#) also delivers repeat prescription medication straight to a customer's door at no extra cost - a free service contracted to most medical aids.

The pharmacy accepts all major medical aids, and customers can also use their Xtra Savings cards to benefit from the rewards programme.

The pharmacy manager at MediRite Plus Stellenbosch is Martionette Voigt, a Shoprite bursary holder who completed her internship with Medirite and has been working for the pharmacy chain ever since.

Trading hours at Medirite Plus Stellenbosch are:

- Mondays to Fridays: 08:00 – 19:00
- Saturdays: 08:00 – 17:00
- Sundays: 08:00 – 14:00

END
